ON-DEMAND TRAININGS

CMS-CDC Fundamentals of COVID-19 Prevention for Nursing Home Management A series of trainings to help nursing homes prepare for the COVID-19 pandemic. These trainings are available on-demand with 24/7 access. New, pre-recorded trainings were added in September 2020. Live Q&A sessions will be held twice a month through January 2021 to help with the **Training Fundamentals Self-Assessment** to determine which trainings are right for you.

Comprehensive National Nursing Home Training Series The Comprehensive National Nursing Home Training Series is a series of trainings for nursing home communities identified to be in COVID-19 hot spots.

Comprehensive National Nursing Home Training Series

Topic:

Comprehensive National [Nursing Home Training](#)

Fast-Track Infection Prevention and Control Training for Nursing Homes Located in COVID-19 Hotspots

Audience: This training was open to nursing home leaders, clinical and administrative staff members and others interested in nursing home infection prevention in areas with renewed COVID-19 outbreaks.

Series Description:

Comprehensive National Nursing Home Training offers intensive, fast-track instruction on infection prevention and control tailored to nursing homes located in areas with increasing COVID-19 infection rates.

Topics:

- **Establishing an Infection Prevention Program and Conducting Ongoing Infection Surveillance in the Nursing Home**
 - Participants will learn to identify the basic components of an infection prevention program in the nursing home setting; understand the best-practice strategies needed to establish a program; and understand the key elements necessary for ongoing infection prevention surveillance.

Critical Topics

Establishing an Infection Prevention Program in a Nursing Home, with an emphasis on surveillance and response to outbreaks. Is your Nursing Home ready to handle the demands of the COVID-19 Pandemic? Assess your readiness for COVID-19 surveillance to enable early detection and response to outbreaks. Include COVID-19 Testing - *coming soon*

Cohorting Strategies

Cleaning Environmental Surfaces and Shared Equipment - *coming soon*

Establishing a Dedicated COVID-19 Care Center - *coming soon*

Hand Hygiene and Personal Protective Equipment (PPE) Strategies for COVID-19 Care

Accepting new patients during an active pandemic: considerations of both transfers and telehealth in the Nursing Homes - *coming soon*

Transparency: Resident and Family Notification. Department of Health and other Non-Clinical Care/Managing COVID positive residents in the Nursing Home

Managing Staffing Challenges, Including Employee Health Considerations
