## **CMS Targeted COVID-19 Training for Frontline Nursing Home Staff & Management**

### **Nursing Home COVID-19 Preparedness for 2021 and Beyond**

The Centers for Medicare & Medicaid Services (CMS) wants to help nursing homes continue infection control best practices for the next phase of the COVID-19 pandemic.

Developed to meet the urgent and ongoing needs of nursing home managers and frontline staff, this new series of scenario-based trainings shares knowledge around ways to protect, provide care and prevent the spread of COVID-19. The free [CMS Targeted COVID-19 Training for Frontline Nursing Home Staff & Management](#) learning intensives are hosted on the [CMS Quality, Safety & Education Portal \(QSEP\)](#). Right now, nursing home staff members can earn certificates of participation while receiving the latest guidance from CMS on COVID-19 preparedness, resident-centered care and infection prevention and control.

---

*Nursing home frontline staff will learn:*

**Hand Hygiene and Personal Protective Equipment | Screening and Surveillance  
Cleaning the Nursing Home | Cohorting | Caring for Residents with Dementia in a Pandemic**

*In addition to these topics, nursing home managers will learn:*

**Basic Infection Control | Emergency Preparedness and Surge Capacity | Addressing Emotional Needs of Residents and Staff | Telehealth for Nursing Homes  
Getting your Vaccine Delivery System Ready**

---

These trainings will help nursing homes continue to respond to the demands of COVID-19 into 2021 and beyond. [Register on QSEP](#) to get started or [contact your local QIN-QIO](#) for more information.
